GOD'S PROMISE TO DAVID

LESSON TEXT—I Chron., chapter 17.
GOLDEN TEXT—Thy throne, O God, is forever and ever a scepter of righteousness as the scepter of thy kingdom.
PRIMARY TOPIC—God's Promise to David.
JUNIOR TOPIC—How God Rewarded David.
INTERMEDIATE AND SENIOR TOPIC—How God Gives Us the Better Things.
YOUNG PEOPLE AND ADULT TOPIC—God's Great Promises.

I. David Desires to Build a House for God (vv. 1, 2).

Having subdued all his enemies, David sat down in his new and beautiful house to meditate. While thus musing, he is led to see the incongruity of dwelling in a house of cedar while the Lord's place was so common. A truly devout soul cannot be content to dwell in personal ease and luxury while the Lord's work is neglected. David's proposition met with Nathan's approval, but the next day he came with definite instructions from the Lord regarding it.

II. David's Desire Denied (vv. 3-8).

While fully appreciating David's motive, the Lord disapproved his plan. The rejection of his plan was not because of his nonappreciation of David for he had taken him from the lowest walks of life and elevated him to the highest place among men. He assured him also that the cause would not suffer because of this change of plan. Two reasons may be assigned for God's prohibition of David's plan.

1. David was a man of war (I Chron. 22:3; 28:3).

Since the kingdom of God is to be a peaceful kingdom, it should be fitting that a man of war should build the capital city. This was not a reproach of David for being a man of war. The enemies of the Lord must of necessity be put down. No peace or rest could be to God's people till the enemies were subdued. It showed, rather, that David had done his work and that the time had now come for another to take it up.

2. The time and circumstances were not fully ripe.

God's house should be a great house, therefore it would require a man's best energies to build it. The nation's treasury was no doubt much depleted by the wars. Since much money would be required, ample time was necessary to enable the people to accumulate funds.

III. The Lord Pledged Himself to Do More Than David Proposed (vv. 9-13).

1. David was to have a great name (v. 8).

David's name has gone down in history as one of the great names of the earth. It was a long way from herding his father's sheep to the throne of this great nation.

2. Israel to be established in a central place (v. 9).

The nation was not again to be moved away, nor to be wasted by the children of wickedness.

3. He was to enjoy God's continued favor and help (v. 10).

All his enemies were to be subdued.

4. Perpetuation of the kingdom in David's line (vv. 11-14).

(1) "Build thee a house."
This means a granting unto him of a posterity, a family line. David proposed to build a temple as a place in which to worship God. God purposed to establish the kingdom in David's line. This was to be perpetuated in David's seed after him.

(2) "Establish his throne" (v. 12).

This means the placing of him in a position of royal authority.

(3) The kingdom was to be perpetual (vv. 13, 14).

He was to be established in his kingdom forever. Disobedience to God would be visited with chastisement (II Sam. 7:13), but the covenants were not to be abrogated. Chastisement has followed, but David's seed is destined to occupy the throne (Luke 1:31-33; Acts 1:14-17).

IV. David's Worship (vv. 16-27).

His actual worship, however, was in his humility (v. 18).

1. His humility (v. 18).

Those who really worship God approach Him with great humility.

2. His praise (vv. 19, 20).

Out of a heart of gratitude he praised God for His faithfulness and grace.

3. His gratitude (vv. 21, 22).

His had an appreciation of God's fidelity and expressed his gratitude to Him for it.

4. His petition (vv. 23-27).

All praise and expressions of gratitude but lead up to the offering of definite petitions to God.

Peace of the Heart

Thou art the true peace of the heart; Thou art its only rest; out of Thee all things are full of trouble and unrest. In this peace that is in Thee, the one chiefest eternal good, I will lay down and sleep—Thomas a Kempis.

Unselfishness

Unselfishness is a crown that scintillates glory long after the wearer has gone to his eternal reward.—Baptist Record.

Oxford County Farm Bureau

Membership Campaign is About to Start

On Wednesday evening, August 10, a meeting was held at the Farm Bureau office, South Paris, to discuss the completed plans as outlined for the Oxford County Farm Bureau membership campaign which will be launched soon. Those present at the meeting were Arthur L. Deering, Assistant Director of the Maine Extension Service; Austin P. Stearns, Jr., President of the Oxford County Farm Bureau; Arthur H. Holman, Vice President of the County Farm Bureau; and Donald H. Ridley and Edith H. Braden, County and Home Demonstration Agents for Oxford County.

Prospects look very bright this year for Farm Bureau membership all over the state, and especially so in Oxford County. The people have realized the extent and value of Agricultural Extension work carried on through the County Farm Bureau.

At the meeting of the Farm Bureau officials and extension agents the twenty-two organized communities in the county were arranged into six districts, each district containing from three to five communities according to convenience in traveling and telephone service. Prospects for district managers were discussed, these managers to be responsible for the district to which they are assigned.

Notice About Field Day
There seems to be a question in the mind of some as to the exact place that the joint field day of the Oxford County Farm Bureau and Maine State Pomological Society will be held. Here is your answer. The field day is to be held at the farm of F. H. Morse & Son, prominent orchard men in East Waterford. This farm is reached by turning to the left on to the East Waterford road directly opposite the McWay Cannery factory. This road is followed on through East Waterford, you will notice a sawmill and a post-office, and continue until you get to a big red barn with the sign on the left which advertises the "Keoka" farm of Harold Pike. Turn to the left at that point and keep a straight road directly up by the Keoka farm barn painted red. The Morse farm is the next farm on the same side of the road. Remember the long lead and tall elm trees setting back on the hill.

Hay for Your Hay

determines the feeding value of a difference of from \$4.00 per ton. Good hay and hay that grades to good hay and profits by air-curing.

John Deere System Rake

is better hay. It holds its leaves do not become brittle. It has less loss in handling. The hay is in the mow, stack or bale, and it takes more digestible and has more value. Whether you sell your hay, your profits are increased when you use the Dain system of making hay. It costs you anything extra to air-cure. You merely use a Dain System.

System Rake is the best for this reason: it is the easiest to operate, and you get the heaviest hay because, *with the same*, the capacity is the greatest. The quantity of hay handled is largest. The curved, teeth of the rake instead of kicking it.

This image shows a vertical strip of a document page. On the left side, there is a dark, textured binding edge, possibly made of leather or a similar material, which appears worn and aged. The right side of the strip shows a lighter, speckled page area, likely paper, with some minor discoloration and small dark spots. The overall appearance is that of an old, possibly leather-bound book or manuscript.
